

Tasks – T2496467
“GEORGE II”, Class No.: 8012487
LITTON AVONDALE INDUSTRIES, Hull: 2308
Flag: United States of America

Attention: Mr. Vineeth Vibhu, Marine Design and Operations, Inc. (WCN: 361650)

The document shown in the attached list are reviewed in accordance with the applicable requirements of the following:

- ABS Guide for Certification of Container Securing Systems, 2022
- ABS Rules for Building and Classing Marine Vessels, 2022
- “U.S. Supplement to ABS Rules for Steel Vessels Certificated for International Voyages” 01 August 1997 in accordance with U.S. Coast Guard Navigation and Vessel Inspection Circular (NVIC) 2-95, CH. 3, “U.S. Coast Guard’s Alternate Compliance Program”.
- International Convention for the Safety of Life at Sea, 1974 (SOLAS), Chapter VI/5.6 and VII/5.
- IMO Code of Safe Practice for Cargo Stowage and Securing, 2011
- Guidelines for the Preparation of the Cargo Securing Manual, MSC/Circ.1353 and U.S. Coast Guard Navigation and Vessel Inspection Circular (NVIC) 10-97

Please note our review is based on the following conditions:

1. Please note that the manual has been reviewed for the format and general content only and our approval does not include the acceptability of particular stowage and securing arrangements.
2. We note that not all the test certificates have been provided for the fixed and portable securing devices listed in Section 2. Test certificates for all fixed and portable cargo securing devices are to be included in the manual or carried on board the vessel. Newly purchased fixed or portable cargo securing equipment is considered part of the ship’s equipment and test certificates are to be obtained for the newly purchased securing equipment.
3. A maintenance record book for the usage of the crew should be kept with the manual which is subject to inspection by Class Surveyor and Port State Control. The record book should contain the procedures for accepting, maintaining and repairing or rejecting cargo securing devices and a record of inspection. It is the responsibility of the Master to comply with the recommendations of the maintenance record book. The recommendations of the maintenance record book are not a part of ABS review.
4. A copy of the document reviewed by ABS along with this letter are to be retained on board the vessel as proof of compliance with SOLAS Regulation VI/5.6 and VII/5, and for the guidance of the Master, for examination and reference by ABS Surveyors, Port/Flag State Inspectors and those involved with the safe stowage and securing of cargoes carried.

5. As required by SOLAS Chapter VI/5.6 and VII/5, cargoes are to be loaded, stowed and secured throughout the voyage in accordance with the approved manual. The Master shall ensure that the manual is appropriate for both the type of cargo being loaded and the conditions/arrangements used for securing. This approval does not remove the Master's responsibility for ensuring that the ship's cargo is stowed and secured safely.
6. Master and crew shall use the methodology included in Section 3.6 of the document in accordance with annex 13 of the CSS code for calculation of cargo securing forces, however the accuracy of the calculations is the responsibility of the owner.
7. The cargo securing manual is reviewed for the carriage of specific cargoes listed in Appendix C the document. It is the responsibility of the master to ensure that the deck loading is not exceeded.
8. We note that in Section 1.6, IMDG cargo information is provided. Please note that this section is not reviewed under this Cargo Securing Manual. The review for the carriage of IMDG cargo is performed under the task T2442139.

Additionally, we have received your declaration stating that the materials used in the system indicated in the submittal are free from asbestos.

If we may be of further assistance, please do not hesitate to contact Kacey Green at (281)877-5810 or kagreen@eagle.org. Please refer to the above ABS task number when responding to this correspondence.

Very truly yours,

Leile Froufe
Vice President of Engineering

Electronically Signed by: Subramani Ragunathan
